

With two separate lines, the 9417CW is ideal for professionals who get work-related calls at home and those who need to be accessible while working on-line.

Model 9417CW Telephone

Key Features:

- * Two lines with Conference key
- * Caller ID and Call Waiting Display — show you who's calling, even when you're on another call*
- * Speakerphone with Mute
- * 100-name and number Call Log*
- * Three-line backlit display — for easy viewing, day or night
- * Secure Numbers — for privacy in entering personal codes
- * 100-name and number Directory
- * Six programmable memory keys
- * 10-number redial

Building success with the business telephone leader

When you're looking for convenience, the 9417CW gives you twice as much. Two separate lines are ideal for people who work at home, share lines with an associate, or who need to be accessible while working on-line.

The 9417CW's Call Director/Fax Switch, combined with Distinctive Ringing service from your service provider*, lets you know if the incoming call is business, personal, or a fax — and routes the call for you. With a Conference key to link the two lines, three-way calls are fast and simple. In addition to two lines, the 9417CW has a large three-line

backlit display so you can easily see who's calling, even at night. If you're on another call, Call Waiting Display gives you the information you need to decide which call is more important — the one you're on, or the one that's waiting.

The 9417CW offers all the convenient features you'd expect in a high quality business phone, and then some. Like handsfree, memory keys, a Directory, 10-number redial and a Call Log that can track calls to each line*. What more could you ask for?
